

# Level 3 Manufacturing Management

Our Level 3 management programmes are aimed at supporting new or aspiring managers to focus on continuous improvement and sustainable development in workforce operations.

During the course of their programme individuals will cover a wide range of modules that encourage and empower them as individuals to drive high performing teams back in their own workplace.

Our modules are delivered using a blended learning model, which consist of e-learning, tutor-led sessions and self-reflective activities.

Programmes can be delivered flexibility to suit employer needs.
